Inspected Signature:

Disclaimer: Please remove all personal belongings before drop-off; we are not responsible for any loss or damage. Inspect the vehicle with our staff, as pre-existing damages recorded on the sheet will be acknowledged by the customer. Check the vehicle condition at pickup—claims after leaving our premises will not be accepted. PPF requires up to 7 days to cure; return within one week for a free inspection and adjustments. We are not liable for damage caused by misuse, road hazards, or intentional harm. Avoid automatic car washes or high-pressure washers near edges, as they may cause lifting. PPF does not repair pre-existing paint defects (chips, scratches) and cannot prevent all damage (e.g., rock chips, sharp objects). Adhesion on aftermarket parts or repainted surfaces is not guaranteed, and we are not responsible for peeling or paint damage. Environmental stains (bird droppings, sap, bugs) must be cleaned promptly to avoid permanent marks. Warranty excludes damage from accidents, misuse, or improper maintenance.
